

SESUG 2022 FAQs

1. What is the purpose of SESUG?

SESUG's purpose is to serve and support users of SAS software in the southeastern United States through ongoing education, professional development opportunities, and facilitating communication with SAS.

2. What is the purpose of the SESUG annual conference?

The purpose of the annual SESUG conference is to provide education, training, networking, and professional development opportunities for SAS users in an interactive environment.

3. Do I need to be an experienced SAS user to get value from the conference?

SESUG strives to provide relevant content for all levels of SAS users, from those just starting out with SAS to those with many years of experience. Likewise, presentations are encouraged from all SAS users from beginner to advanced.

4. What are SESUG and the hotel doing to create a safe environment for the conference?

We will continue to monitor the local and national health climates and will adhere to and enforce all guidelines in effect leading up to and during October 2022 to make sure that attendees at our in-person conference feel safe and secure. Face masks will be available and additional spacing will be utilized in presentation rooms.

5. What is the SESUG dress code?

While SESUG does not have a formal dress code, most attendees choose business casual attire. We request that all attendees wear clean and neat clothing without ragged edges. Shorts and non SAS t-or non SESUG t-shirts are not appropriate.

6. Will CEUs be available from the conference?

While SESUG is not an official provider of Continuing Education Units (CEUs), SESUG attendance and presentation does provide activities that can be use as CEUs towards a number of certifications. For example, CPHQ re-certification accepts any course, conference, seminar, or summit that aligns with their content outline. For these certifications, 60 minutes of education equals 1 CE hour. If you are using SESUG hours for CEUs, SESUG will be happy to assist with the documentation. The CE hours available will depend upon the hours of content related to the recertification.

7. Do presentations need to be software focused?

No. Presentations on leadership principles, general analytics, and data issues are also encouraged and very welcome.
